

THE INTELLIGENT FOUNDATION FOR POST INSTALLATION

RETENTION SYSTEM

sockets for post installation

EC DECLARATION OF CONFORMITY

Herewith we declare that the Product has been designed in such a way that is considered to be in accordance with the relevant Health & Safety requirements of the EC Council Directive(s) listed. If alterations or repair are made to the Product without prior consultations with IPL group, this declaration becomes invalid. This declaration does not extend to any system incorporating the equipment listed unless supported in total by IPL group.

RS168 socket

IPL group's patented RETENTION SYSTEM is a unique method for installing posts in ductile-iron RS sockets that builds-on or replaces traditional foundation methods for fast, easy installation and removal of posts.

Serial Number:	Not Applicable
